Chlorodyne.
CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.
ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothe the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.
Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M's Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr. Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.
From W. Vesalius Pettigrew, M D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."
Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."
Extract from the General Board of Health London, as to its efficacy in Cholera.
"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."
From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

The following Orders have been received at this Consulate, and are published for the information of the public.
Any Order rescinding their enforcement will be published as soon as received:
ALLEN FRANCIS,
U. S. Consul.
HEADQUARTERS DEPARTMENT OF PACIFIC, San Francisco, March 14, 1865.
ALLEN FRANCIS, Esq., U. S. Consul, Victoria, V. I.,
SIR,—I enclose herewith copies of my General Orders No. 18, of March 11th inst., which it may be well to have published in Victoria to the end that all persons intending to come from the British Provinces into the United States may obtain Passports, either from you or the authorities of the country to which they belong.
Very respectfully, Sir,
Your most obedt Servant,
IRWIN McDOWELL,
Major General Commanding Department.
HEADQUARTERS DEPARTMENT OF PACIFIC, San Francisco, Cal., March 11, 1865.
GENERAL ORDERS, No. 18.
1. The following measures will be taken to enforce General Orders No. 308, from the War Department, of December 29th, 1865:
All vessels coming into the port of San Francisco from a foreign country, will be boarded by an officer as soon as practicable after their arrival, and no passenger from a foreign country will be allowed to land without a proper passport.
II. Passengers coming mediately from New York by the Isthmus, or from Oregon by way of Vancouver Island, will not be considered as coming from a foreign country. Masters of steamers plying on those routes will make a separate list of their way passengers, and give it to the inspecting officer as he comes on board.
III. Passengers going hence to Oregon by way of Vancouver Island will not be required to procure passports.
IV. A separate list will be made of passengers coming on board of steamers at Vancouver Island for Oregon, and will be given to the inspecting officer, who will come on board at Cape Disappointment.
By command of Major General McDowell,
R. C. DRUM,
Assistant Adjutant General.
GENERAL ORDERS, No. 308. } WAR DEPARTMENT, Adjutant General's Office, Washington, Dec. 29, 1864.
PASSPORTS FOR PERSONS COMING FROM FOREIGN COUNTRIES.
The following order of the President, received from the Department of State, is promulgated for the information and government of all officers in the military service whom it may concern:
DEPARTMENT OF STATE,
Washington, December 17, 1864.
The President directs that, except immigrant passengers directly entering an American port by sea, henceforth no traveler shall be allowed to enter the United States from a foreign country without a passport. If a citizen, the passport must be from this Department, or from some United States minister or consul abroad; and if an alien, from the competent authority of his own country; the passport to be countersigned by a diplomatic agent or consul of the United States. This regulation is intended to apply especially to persons proposing to come to the United States from the neighboring British Provinces. Its observance will be strictly enforced by all officers, civil military and naval, in the service of the United States, and the State and Municipal authorities are requested to aid in its execution. It is expected, however, that no immigrant passenger, coming in manner aforesaid, will be obstructed, or any other persons who may set out on their way hither before intelligence of this regulation could reasonably be expected to reach the country from which they may have started.
WILLIAM H. SEWARD,
By order of the Secretary of War.
E. D. TOWNSEND,
ap12 Assistant Adjutant General.

HOLLOWAY'S PILLS.
Nervous Disorders.
What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.
Mothers and Daughters
If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and ensuing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.
Disorders of the Kidneys.
In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.
Stomach out of Order.
No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.
Bronchitis, Diptheria, Coughs and Colds.
No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing, and enable the windpipe and lunge to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities, and thus fortify the system against consumption, asthma, and other pulmonary complaints.
Debilitated Constitutions.
In cases of debility, languor, and nervousness, generated by excess of any kind, whether mental or physical, the affect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid causes of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.
Biliousness, Loss of Appetite, Headache, and Lowness of Spirits.
These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache and palpitation of the heart.
Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Jaundice	Secondary Symptoms
Asthma	Dysentery	Liver Complaints	Tic-Douloureux
Bilious Complaints	Erysipelas	Lumbago	Tumours
Blotches on the Skin	Female Irregularities	Piles	Ulcers
Bowel Complaints	Fevers of all kinds	Rheumatism	Venereal Affections
Colics	Fits	Retention of Urine	Worms of all kinds
Constipation of Bowels	Gout	Scrofula, or King's Evil	Weakness, from whatever cause
Consumption	Head-ache	Sore Throat	&c., &c.
Debility	Indigestion	Stone and Gravel	
	Inflammation

THE DREDGING OPERATIONS.

The resolution which passed the Committee of the House yesterday, in reference to the dredger, asks His Excellency to put an end to the present unsatisfactory system of management, and resort to the more practical one of letting the work out by public contract. The resolution is rather wanting in not prescribing that course which it is desirable Governor Kennedy should pursue in relation to the men now engaged in the dredging operations; for it is very evident that the present staff, in case the contract principle is accepted by His Excellency, cannot continue to be employed. The engineers have been engaged for a term, and therefore cannot be discharged unless with their own consent; but all the other men can be at any time dispensed with. The immediate gain to the colony at the present time by such suspension would be very considerable, and would tend largely to relieve the pressure on our finances in other quarters. We have no doubt, that His Excellency will accept the views of the House on the contract matter; but we hope, unless under very favorable working terms, that no attempt shall be made to put the machine again in operation until the revenue of the colony is in a more flourishing condition. So far as the contract system is concerned, it has, like most others its drawbacks; but under the most unfavorable circumstances, it is infinitely superior to the present wasteful and irresponsible system. We cannot say that the blame of all the failure of this management falls exactly on the Superintendant, for if report be true that gentleman has been made little better than an automaton, pulled and hauled, as he has been, just as it pleased the Department of Lands and Works; but whether or not he is "more sinned against than sinning," the present system must come to a summary termination.

The proposition of Dr. Helmcken to lay by the dredger indefinitely and sell the tugboat was one the House very properly, we think, refused. Whatever differences of opinion may exist as to the best modes for improving the harbor, there is but one opinion as to the necessity of improving it. The only question which we have, therefore, to consider is that of expense. In this view of the case it is evident that the best of things can be purchased too dearly, and that we may, by a certain system of mismanagement, be obliged to pay more for improving the means of access to our wharves than we can ever, under the most fortunate circumstances, hope to make out of our harbor. Independent of this there is the fact staring us in the face that at scarcely any time during the last six years have we been in a worse position to face the financial necessity of the expense of dredging operations. The ten or eleven thousand dollars which will be required to maintain these operations during the remainder of the year is a very considerable item in our present condition, and might, as we have already said, save a money pressure in other matters much more essential to the colony's welfare. Whether, however, His Excellency will take this view of the matter possibly depends on circumstances. If it is found that under the scheme proposed the more necessary works in connection with harbor improvement can be carried out at a comparatively speaking moderate expense—if it is discovered that Shoal Point can be dealt with effectually and cheaply by putting out the work by contract—it may be the best policy to proceed with the undertaking. But if, after testing this matter, it is seen that even the contract system is too expensive—that the colony can not with any degree of safety proceed at the present time with the works, the only course that will present itself will be that of a suspension until such times as circumstances shall prove more favorable to carrying out the undertaking. The shipping interest unfortunately just now makes but a small demand upon our harbor room, destroying thereby all argument on the ground of urgency. It is just possible, however, before the year shall have expired that matters will have changed very materially in this respect, and that the want of dredging operations will be severely felt by every property owner in Victoria. The commercial revolutions in gold mining countries are as rapid generally as they are uncertain, and while we should see that the country is not contributing to a wasteful and extravagant undertaking like that which has called forth the remonstrance from the House of Assembly, it is equally incumbent upon us to make such disposition of the dredger and its companions as will enable us, when the occasion arises, to meet the exigencies of the case.

BIRTH.

In this city, June 7th, the wife of Mr. Charles F. B. Mohme, of a daughter.

DIED.

At Yale, B. C., on the 3rd inst., William McColl, late sergeant of the Royal Engineers.

At Tum Water, W. T., May 31st, of consumption, Mrs. B. L. Henness, wife of Capt. Henness, aged 44 years, 7 months and 9 days.

USING THREATS.—A young man named Charles Haming, was brought up before the Police Magistrate yesterday, charged with threatening to do grievous bodily harm to Thomas Gorrie. The complainant and one or two witnesses were examined, and proved that the accused had used threats of violence towards the former, in consequence of his having charged him with associating with bad characters living behind Mr. Gorrie's residence, who were a nuisance to the neighborhood. The magistrate enquired if the character of the accused was known to the police. Sergeant Wilmer replied that Heming had been in Victoria two years, during which time he had worked two months. He was a gambler, lived with half breeds, and had left the Sound owing to some stabbing difficulty. The accused flatly denied the officer's statement, and said he would make him prove words. He could call several witnesses as to character, and to show where he had worked. Tom Lafont stated that he knew the accused; he had been barman and cook, and no young man would choose the latter occupation if he was unwilling to work. He knew of no harm in the young man, and did not like to see him set upon. After a few questions from the magistrate as to witness's antecedents and occupation, the case was remanded for two days to give the accused an opportunity of finding bail to keep the peace.

THE INTERCOLONIAL CRICKET MATCH.—The Victoria eleven, with a number of their friends and the band of the Rifle Volunteers, embarked last evening at nine o'clock on board the Sir James Douglas for New Westminster. The weather is magnificent and they will doubtless have a fine time of it across the gulf. Active preparations are being made, according to the *Columbian*, by the New Westminster players, for their hospitable reception. "A number of men are employed in rolling, clearing and grading the grounds. Luncheon will be provided on the ground, and the British Columbia eleven will entertain their opponents with a supper in the evening. Tents and seats will be provided on the cricket ground, and as a close contest is anticipated no doubt there will be a large number of visitors should the weather prove favorable. The following are the names of those selected to represent New Westminster in the game: Mr. J. L Fisher (empire). and Messrs. C. E. Pooley, H. Richardson, F. Hewlett, C. Good, S. Wallace, A. W. S. Blank, W. Edwards, A. Bullock, A. R. Howse, W. Fisher, F. G. Claudet."

ISLAND PRODUCE.—We hear that some of our storekeepers are countermanding their orders on the Californian and Oregon butter markets, in consequence of the abundant supply of that article from our settlements. This looks well, and is no doubt in anticipation of a full supply of other kinds of the necessities of life which Vancouver is abundantly capable of affording. The great drawback at present to the settlers is the want of roads whereby they may with ordinary labor bring their produce to the steamer which calls periodically in their neighborhood, or drive their fat cattle to town. This *wealth producing part* of the community who spend the money for which they labor at home are the real benefactors of the colony and have a just claim to assistance from the Government. It is as easy as it may be convenient to call them "idle and drunken," but it would be much more to our advantage to have to pay them for our beef, mutton, grain, &c., than to send that money away to a foreign port.

CONFERENCE OF THE TWO HOUSES.—Messrs. DeCosmos, Powell, M'Clure, Dickson, and Dennes waited yesterday on the members of the Legislative Council to confer with them respecting the Medical Bill and Mercantile Law Amendment Act. Dr. Powell stated the objections of the House to the Medical Bill as amended by the Council and was followed by Dr. Dickson. Mr. DeCosmos explained the views of the House in regard to the proposed amendments to the Mercantile Bill. The Hon. Attorney General stated the views of the Council in reply to the Hon. members, and the President assured the Deputation that their views would receive full consideration. We had prepared a full report of the conference, which, however, from a press of other news matter is crowded out.

THE STEREOSCOPTICON will be exhibited in the theatre to-night. The programme is a very attractive one, the scenes from the late terrible war being full of interest, and the grand views of Kilauea, the great Hawaiian volcano, and also of the famous Yosemite Valley in California being novel spectacles to most of our citizens.

FIREMEN'S ELECTION.—A meeting of the Hook and Ladder Company was held last night in the Truck-house, at which Mr. Thomas Dougal was elected Foreman; Mr. Murray Thain, 1st Assistant; and Mr. Hemmingway, Secretary. A finance committee was also appointed to audit the accounts of the company.

MUSIC ON THE WATERS—The Germania Sing Verein were out boating in the harbor last evening, and delighted listeners by performing some of their favorite melodies, the sweet sounds floating over the still, moonlit waters with charming effect.

BEWARE DEFAULTERS!—Several parties who had neglected to pay their trades licenses after sufficient notice, were yesterday fined by Mr. Pemberton in sums ranging up to $25.

A WORD TO "SMOKERS."—'Tis not our intention to preach a reform against the sociable and growing use of the weed, for it is a luxurious comfort. What gentleman, we ask, old or young, who is addicted to this habit of enjoying himself behind a good Havana, particularly after a hearty meal, will dispute us. We speak from experience, for we often indulge in a good cigar ourselves, but what we suggest is this, try that justly popular, fragrant, convenient and efficacious Dentifrice, SOZODONT, just the thing after smoking; removes instantly the unpleasant tastes and odors attendant on the use of tobacco; 'tis refreshingly agreeable, and leaves the mouth cool and sweet.

All Druggists sell it, price 75 cents per bottle.

NEWS FROM LEECH RIVER.—Mr. Walsh, of Kennedy Flat, who arrived in town yesterday, informs us that a second party of the prospectors, under Mr. Merritt, arrived at Leech river last evening, and report that the whole country is covered with snow and that they have discovered nothing better than Leech river. In one place they found a bit to the pan, either on Jordan river or on a creek running into it. They passed over some thousands of acres of level land without timber, between Leech and Jordan rivers. There is still a portion of the party out on the Koksailo and Cowichan rivers who have not yet returned. Nearly all the companies on Leech river are getting in their flumes, and in the course of two weeks will be taking out gold. Quite a number of visitors from Victoria have been out at the mines lately.

OUR ELEPHANT—The House of Assembly decided yesterday that the ponderous unwieldy animal which has so long encumbered the mouth of the harbor shall be laid up in ordinary, and all dredging operations at once stopped. Meanwhile if any enterprising individual will take the contract for clearing out the harbor he may obtain the use of the apparatus, on satisfactory arrangements being made.

HOUSE OF ASSEMBLY.

Wednesday, June 7.

House met at 3:15 p.m. Members present: Messrs. DeCosmos, Powell, McClure, Dickson, Burnaby, Duncan, Carswell, and Dennes.

THE DREDGER.

The Speaker read a communication from His Excellency suggesting that the House should examine the plans, &c., of the dredger in the Land Office to save trouble.

CONFERENCE.

Dr. Powell reported that the House had been in conference with the Council on the Medical Bill, and that the latter would take the amendments of the House into consideration.

Mr. DeCosmos reported that the conference on the Mercantile Law Act had a similar result.

EXPENDITURE OF 1864.

The Resolutions passed by committee yesterday voting the excess of expenditure for 1864 were adopted, and a bill ordered to be brought in.

STEAM COMMUNICATION.

The Resolution passed by committee on this subject was adopted by the House.

LANDS OF DEBTORS.

The bill giving creditors a remedy against the lands of their debtors was read a second time.

TITLES TO REAL PROPERTY.

The bill confirming the title to real estate sold since December 19th, 1860, was read a second time.

PLAINTS IN COUNTY COURT.

Mr. Dennes' motion for Return of the number of Plaints entered in the County Court was agreed to by the House.

THE DREDGER.

The House went into committee on the Dredger, Mr. Dennes in the chair.

Mr. McClure said the report of the committee of the House recommended the suspension of the dredging operations, and he thought with very good reason. He considered the duty of this House was to see that $1500 or $1600 per month of the public revenue was not expended without any beneficial results, and he therefore agreed with the report in suspending the works. He would recommend that the dredger be laid up till the colony was better able to carry on the work in a proper way.

Mr. Burnaby said there could be no doubt that a very large sum of money had been spent lavishly and unwisely in procuring the dredger, and the best thing the colony could do would be to put an end to any further expense by laying the dredger up for a time, till the colony were in a better position to carry on the works.

Dr. Helmcken would add to what had been said that the steamtug should be sold (a laugh). Yes, *sold!*

Mr. DeCosmos congratulated the House on the quiet way in which the debate was being conducted. A very animated discussion had been expected. The motion for plans, etc., made by the hon. chairman he thought would have given rise to a stormy debate. In fact, it was thought that a balloon would have to be sent to England to bring out engineers to explain the plans and working of the dredger (laughter). The hon. gentleman did not approve altogether of the motion of his honble. colleague to lay the dredger up. He believed that the harbor should be dredged, and that the water front owners would contribute to the expense. The whole management of the dredging operations was bad. Difficulties had arisen between the Superintending Engineer and the Surveyor General. The operations should either be placed solely under the Engineer or under the Surveyor General, who should be made responsible. What the harbor wanted was the removal of Shoal Point, so that the California steamers might come in. This would benefit every property owner in Victoria. He hoped his hon. colleague would amend his resolution so as to provide for carrying on the works when a thoroughly competent marine engineer could be procured. When this could be done he would recommend that the dredging be let out by contract under this engineer. In this way Shoal Point could be removed at a definite cost.

Dr. Dickson spoke in support of the Report, agreeing with the remarks of the hon. gentleman who had last spoken.

Mr. McClure moved a resolution to the effect that the dredging operations should be suspended until such time as the Executive could place the matter under efficient and responsible management, or until the Executive had devised a scheme for letting out the work by contract.

Dr. Helmcken disapproved of the motion. He believed that the works should be stopped at once, the men paid off, and the "elephant" laid up without further delay, and all further expense put an end to (laughter). The circumstances under which the construction of the dredger was called for no longer existed. It had been hoped that the port would have been thronged with shipping; that the harbor would be full of vessels—so full that the bridges would have to be moved further up to make room for them (a laugh.) But that state of things had not come about, and the public money was being squandered uselessly in simply lifting up mud from the bottom and letting it down again (a laugh). He begged the House to lay up the dredger—make a powder magazine of it; sink it in the middle of the Straits; do anything with it but spend any more money—robbing the public for no useful end (laughter). He would move that the dredger be laid up, the employés all discharged and the tug sold.

Mr. Duncan said when the subject had first come up in the House it had been argued that the dredger should be built in this colony, and it had been proved that this could be done advantageously. He would not say anything about the management of the dredger, but would move that the whole works be stopped, and that the dredging be let out to contract at so much per ton, the parties to have the use of the dredger.

Dr. Dickson was very glad to hear the first echo of economy from hon. members (oh, oh! and laughter).

Mr. DeCosmos—The hon. gentleman has always held himself up as the embodiment of economy (laughter).

Mr. DeCosmos said the scheme of improving Victoria harbor when first broached by the Legislature, was to have been paid for by the sale of a certain portion of the water frontage; but we find that the Hudson Bay Company had since stepped in and sold part of these lots. The hon. gentleman pressed that Shoal Point, at least, should be removed, and then the dredger and tug could be laid up for a time. The engineers of the dredger and tug had been engaged under written contract with a promise of 100 acres of land each on the island, and it would be perhaps advisable to retain them to look after the apparatus.

Mr. Duncan objected to the apparatus being laid up, as it was well known that machinery suffered materially by being laid up—perhaps to the extent of 15 to 20 per cent.

Mr. Duncan's motion was put against the other resolutions and carried as follows:

That the dredging operations be at once suspended, and that His Excellency be respectfully requested to call for tenders for deepening Victoria harbor at so much per ton. The parties tendering to have the use of the dredger and tug for that purpose.

LEGISLATIVE COUNCIL.

WEDNESDAY, June 7th, 1865.

The Council met yesterday at 3:45. Present—the Hons. President, Colonial Secretary, Attorney General, Treasurer, Surveyor General, and H. Rhodes.

JURY IN CIVIL CASES BILL.

A message was received enclosing this bill with one amendment.

TRADES LICENSE AMENDMENT ACT.

The Hon. Colonial Secretary said the erasure of the first clause in this bill imperilled the whole bill, and it was highly essential that it should pass, as the government were much in need of ways and means. He therefore moved the recommittal of the bill.

Hon. Mr. Rhodes asked the Council to postpone the recommittal, to enable the Hon. Mr. Finlayson to be present. He admitted the necessity of fortifying the hands of the government, but not at the expense of our commercial policy.

The Hon. Colonial Secretary said he would consent to a postponement of his motion for one day, but no longer.

Motion postponed accordingly.

HARBOR DUES.

This bill came up in committee, the Hon. Attorney General in the chair.

The hon. Mr. Rhodes said the bill was of the same nature as the other bill, and he asked that it be also postponed to enable Mr. Finlayson to be present, otherwise he would only be a unit, and there was no occasion for him to remain.

The Hon. Colonial Secretary said a postponement had been granted in one instance, but the Council must go on with their business as they had much to get through.

Mr. Rhodes asked if the bill could be amended, as he should like to alter the title and call it an "Import Duty Bill," it was better to state honestly what the bill was, than to strike a blow in an underhand manner at the free port, without a corresponding advantage. The measure was a most important one, and he again asked a postponement.

The bill passed through committee, the Hon. Mr. Rhodes opposing each clause.

LANDING PERMIT DUES ON STOCK BILL.

On motion of the Hon. Colonial Secretary, the bill passed a second reading, Mr. Rhodes opposing.

Standing orders were suspended; and the bill passed through committee, the Hon. Attorney General in the chair, and will come up for the third reading at the next meeting of the Council.

DESCENT OF REAL PROPERTY.

This bill came up for a second reading.

The Hon. President said he disapproved of the principle of the bill.

The Hon. Attorney General looked upon the bill as having an evil tendency, and moved that it be read this day six months.

The Hon. Colonial Secretary held that the cutting up of real property into small portions was decidedly ruinous to families. It had proved injurious to the agricultural population in Ireland, the Channel Islands, and even France, and he therefore seconded the motion.

Motion carried.

The Council adjourned till to-day at 3 p.m.

BRITISH COLUMBIA.

Later dates from Cariboo.

ENCOURAGING NEWS.

The steamer Enterprise arrived from New Westminster yesterday, with 26 passengers and Dietz & Nelson's express, with Cariboo intelligence per Barnard's express to 30th May. The following is from yesterday's *Columbian*:

Barnard's Cariboo Express arrived at Yale on Sunday, the sixth day from Williams Creek. The mining news is highly encouraging. The population of Williams Creek is about 1500, and the labor market is not fully supplied; more men are needed to work the mines! The Williams Creek branch of the Bank of British Columbia took in one thousand ounces of gold on Sunday, the 28th, being the product of Saturday's "wash up." The Reid claim in Conklin's Gulch struck good pay. Four new companies had commenced work in the hill claims above the cañon. They are supplied with water by the Bed Rock Flume and Ditch Company, and "tail" into the flume. The work on the flume is being pushed on with vigor day and night. Judge Cox had a large number of men employed in shovelling a road-way out from Richfield to the Six-mile House, to enable trains to get on. Davis, who was under contract to be in on the 5th, reached Cottonwood on the 30th, and would be in by the 3d—the first train of the season, if we except the Express saddle train. Scarcity of mining hands was spoken of, and should a few more claims strike pay, which by the way is a moral certainty, wages must go up. The following is the current rate of wages: Drifters, $10; wiedless men, $8; carpenters, $16. Provisions continue to decline in price. Bacon can be bought on the creek at less than it is worth at Lillooet. Flour is coming down in anticipation of new arrivals, and it is supposed that it will sell as low as 32 cents before ten days expire. Goods of all kinds are cheap and plentiful. The ticketing system, so generally in vogue in Victoria, is beginning to be adopted. Beef, mutton and fresh pork are in abundant supply. Mr. Barnard had been on the creek, and had completed arrangements for running weekly expresses to all the creeks upon which mining is going on. This arrangement will prove a very great boon to the miners.

There are some 70 men on Cummingham Creek. The ground is staked off for a distance of three miles, and many were quietly waiting till the 1st of June, when claims unrepresented would be "jumped" without much ceremony. The Grouse Creek Flume is progressing favorably, some 500 feet being completed. Large numbers of Chinamen were working their way in to the diggings, some of whom had struck good pay on lower Lightning Creek, in shallow diggings. They were driven off by white men, who find that they can make from $20 to $30 per day.

The weather above was dry and cold, and vegetation progressing very slowly. The road is lined with pack trains, ox and mule wagons loaded with freight.

The road in the "Green Timber" is represented as execrable, full of rocks and ruts. Passengers by the stage complain bitterly of this section. The other portions of the road are good.

The printing plant of the *Cariboo Express* had arrived on the creek, and it was the intention to issue the first number on the 3d instant. The people on the creek appeared much pleased at the prospect of having a paper published amongst them.

INDICATIONS OF ADVANCING CIVILIZATION. We observed on the wharf on Saturday twelve church bells, ranging from 200 pounds downwards, addressed to St. Mary's Mansion. We believe they are designed for Indian churches on the Lower Fraser, erected by the indefatigable Pierre Fouquet. This looks like advancing civilization amongst the native tribes.

ANGLICAN MISSIONARY FOR CARIBOO.—The Rev. A. C. Garrett, of Victoria, left for Cariboo on Saturday. We understand it is Mr. Garrett's intention to sojourn there during the summer.

CUSTOMS RECEIPTS for week ending Saturday, June 3d, 1865: Import duties, £1851 0 6; gold export duties, £482 3; harbor dues, £22 5; head money, £55 8; tonnage dues, £137 11. Total, £2549 7 6. Number of passengers entered during same period, 277.

SAN FRANCISCO, May 4—One of the most atrocious murders ever perpetrated in San Francisco was committed just before 12 o'clock last night. Antonio Mach o'Dage, of Southern Austria, stopped by the side of a wagon standing by the sidewalk in front of the grocery store of Edward Walter & Co. Walter was standing in the door with his brother-in-law Z. Spitz, who had arrived recently from Germany, when one of them laughed. Mach asked why he was insulted and some chaffing took place, when Mach entered the store with a sailor's sheath knife and stabbed both men in the neck, the knife ranging downwards into the right breast in each case. Walter died in a few minutes. Spitz is living yet, and although terribly wounded and very low may recover. Mach went into a saloon wiped the blood off his person and knife with scrupulous care, and coming out was arrested by the police and identified as the murderer by Spitz. He is a sailor and had recently shipped on the ship Angenete, but his physical constitution would not permit him to work, as he is ruptured beyond cure. Walter leaves a wife and six or seven children; he was in good circumstances and highly respected in the community.

Private Jared Anderson, company D, 3d Artillery, who was under confinement in the guard house, Camp Reyendas, for misconduct cut his throat with a sharp stick in a most horrible manner, perforating the windpipe and inflicting a wound which is likely to prove fatal.

Commanding Generals, immediately on receipt of orders directing portion of said forces to be mustered out, will order the same, if not already there, to the following randevous: First. Troops of Middle Military Department, and other armies acting therein, will rendezvous in defences of Washington and Harper's Ferry. Second. WASHINGTON, May 26—All the cavalry in the western department are to be mustered immediately at Cairo for active Texan service.

Fred. Seward had an unexpected hemorrage which excited renewed anxiety in his case.

NEW YORK, May 27—A special to the *Tribune* from Washington, says that the Attorney General has made a most important decision. He affirms that the President's proclamation was a means only to secure a specific purpose, which was suppression of rebellion. The rebellion being ended, the amnesty ended. It does not restore citizenship, property, or equalize rights. The President has no power to pardon except for what is past; executions and clemency cannot pass to the future, therefore the decree of confiscation must stand. The decision will be given in public in a few days.

A special despatch from Washington to the *Tribune* says: At the election for the House of Delegates yesterday, the disunionists swept Virginia so far as known.

WASHINGTON, May 27—The Post Office Department has contracted with J. E. Reside for the conveyance of mails daily between Lincoln, California, and Portland, Oregon, including intermediate points. The service to commence on the 1st of June.

HOLLOWAY'S PILLS AND OINTMENT.—Lowness of Spirits, Hypochondriacism, Insanity.—These formidable diseases are usually caused by a disordered condition of one or more of the digestive organs, and, most deplorably, commence at the meridian of life. The distressing symptoms need no enumeration; they are known in some degree to the wisest and best of mankind, as well as to the weakest. Whenever the liver, stomach and kidneys are roused, the morbid feelings and ideas vanish; to effect this happy result nothing more is needed than friction over those organs with Holloway's Ointment, while the Pills are likewise taken. The change of thought is immediate, happy and lasting. Those whom these medicines have cured, confess that the influence of them upon the mind is magical.

HOLLOWAY'S PILLS.—Bilious complaints and irregularities of the system produced by depraved or over-abundant bile can always be corrected by a few doses of these inestimable Pills, which are everywhere admired for their rare combination of mildness and power, for though they conquer with ease and rapidity the most obstinate disease, they never weaken the stomach or necessitate any interruption of ordinary duties or amusements. On the contrary, they increase the appetite, strengthen the organs of digestion, give increased energy and life to all the animal functions, and fit both hand and brain for fresh exertions. The sick and enfeebled can easily discover what a happy revolution these Pills have the power to effect in the human system.

HOLLOWAY'S PILLS.—A Remedy for Billious and Liver Complaints.—Those who suffer from bile and liver complaints should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, remove all impurities, give a healthy action to the liver, and strengthen the stomach. If bilious attacks be allowed to continue without using such a preventative, more serious casualties may arise, and the sufferer be consigned to a bed of sickness. Holloway's Pills are an extraordinary remedy acting immediately in the removal of acidity of the stomach, indigestion, debility, and nausea preparing the food thoroughly for assimilation rendering each tributary organ perfect in its function, and stimulating the kidneys.

HOLLOWAY'S OINTMENT AND PILLS.—Fistulas, Piles, Excoriations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excoriations, a few applications of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

HOLLOWAY'S OINTMENT AND PILLS, a certain remedy for diseases of the skin—Ringworm, scurvy, scrofula, or king's evil, sore heads, and the most inveterate skin diseases to which the human race is subject, cannot be treated with a more safe and speedy remedy than Holloway's Ointment and Pills, which act so peculiarly on the constitution, and so purify the blood that those diseases are eradicated from the system, and a lasting cure is obtained. They are equally efficacious in the cure of tumours, burns, scalds, glandular swellings, ulcerous wounds, rheumatism, contracted and stiff joints. These medicines operate mildly and surely. The cure effected by them is not temporary or apparent only, but complete and permanent.

HOLLOWAY'S OINTMENT.—In bad legs, ulcers, scrofulous sores, and glandular swellings, this ointment operates very gently, but very surely, and with a rapidity that resembles magic. It should be rubbed into the parts affected, after they have been fomented with lukewarm water. The purifying and curative powers of this marvellous Unguent have never been disputed by anyone who has given them a fair trial. It contains not a particle of any substance of a noxious nature, nor is there a case on record in which it has done the slightest harm; while there are authentic reports of innumerable cures effected by it in all countries. It is as mild in its action as it is powerful and beneficial in its effects.

The Infallible Remedy.

Holloway's Ointment.

Contracted or Stiff Joints.

All the medicines in the London dispensaries would barely benefit, much less cure, any chronic cases of contracted or stiff joints; whereas if this invaluable ointment be effectually rubbed into such parts twice a day, the effects will be immense. Paralytic patients even can derive advantages from this fine remedy when other means fail.

Scorbutic Humours.—Scald Head and Skin Diseases.

Scorbutic humors arise from an impure state of the blood, and in most cases the liver and stomach are the organs at fault. The Pills will speedily restore these to a healthy action; while the Ointment, if well rubbed in at least twice a day, will soon cure any case of skin disease. Soldiers, sailors, and miners, use this famous Ointment in all parts of the world.

Disorders of the Kidneys, Stone and Gravel.

In any of the above complaints more benefit may be derived in twenty-four hours by adopting the following simple means than is frequently brought about in six months by any other treatment. In bad cases if the Ointment be rubbed into the small of the back over the region of the kidneys, it will quickly penetrate, and, in most instances, give immediate relief. Six or eight of the Pills should be taken nightly according to circumstances.

Diptheria, Sore Throats, &c.

These maladies are of so serious and dangerous a nature that the Ointment would not be recommended unless the Proprietor was sure of its effect. It will cure when every other means have failed, if applied immediately, and not delayed until the patient is beyond recovery. It is a sovereign remedy for sore throat. Settled Coughs or wheezing will be promptly removed by rubbing in this unguent. Mothers should rub it into the chest of their infants whenever there is any hoarseness, tightness, or other affection of breathing.

Bad Legs, Bad Breasts.—Old Wounds, Sores and Ulcers.

It is surprising how quickly a sore, ulcer, or wound, deprives the body of strength, and unfits it for the duties of life; but it is no less wonderful to watch the effect of Holloway's Healing Ointment, when it is used according to the printed directions, and assisted by appropriate doses of the Pills. The pain, inflammation, and other morbid manifestations, soon disappear from the affected part and health and strength return.—This treatment creates sound flesh, and therefore makes its cures complete.

Gout and Rheumatism.

Will be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts. This treatment must be perseveringly followed for some time and duly assisted by powerful doses of Holloway's Pills. The essence of these diseases lies in the blood, which has floating through each vessel the pain-giving poison which vitiates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty and rheumatic maladies.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chilblains	Glandular Swellings	Sore-throats
Bad Breasts	Chapped Hands	Lumbago	Skin-diseases
Burns	Corns (Soft)	Piles	Scurvy
Bunions	Cancers	Rheumatism	Sore-heads
Bite of Mosquitoes and Sand-Flies	Contracted and Stiff Joints	Scalds	Tumours
Coco-bay	Elephantiasis	Sore Nipples	Ulcers
Chiego-foot	Fistulas		Wounds
	Gout		Yaws

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862.

"As a sample of English clock-work on a large scale, the works of this are probably the finest an[d] ished that have ever been seen in this country. ... could be fitted with more perfect [or] careful[ly] adjusted mechanism."—Times, June 11, 1862. "A triumph of ingenuity."—Telegraph, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—Standard, June 1, 1862. "... of the English watch trade ... follow up with the same ... and success this first attempt to compete with foreign ... decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—Times, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—Illustrated London News, November 8th, 1862.

HOLLOWAY'S PILLS AND OINTMENT.—Diseases of Women.—Medical science in all ages has been directed to alleviate the many maladies incident to females, but Professor Holloway, by diligent study and attentive observation, was induced to believe that nature had provided a remedy for those special diseases; he has, after vast research, succeeded in compounding his celebrated Ointment and Pills, which embody the principle naturally designated for the relief and cure of disorders peculiar to women of all ages and constitutions, whether residing in warm or cold climates. They have repeatedly corrected disordered functions which had defied the usual drugs prescribed by medical men, and still more satisfactory is it, that the malady is relieved completely and permanently.

HOLLOWAY'S PILLS AND OINTMENT.—Indigestion Acidity on the Stomach.—These corrective and purifying Pills, assisted by the external application of the Ointment, will subdue these troublesome disorders, though assuming an infinity of forms, and under each disguise mocking the skill of the wisest physicians. Their first action is to clear away all obstructions, purify the blood, regulate the secretions, and give tone to the stomach, and energy to the system generally. The cure they effect is not temporary or imperfect, but they work a most marvellous and beneficial change throughout the entire body, and enable it with renovated powers to resist the approach of future attacks on stomach or liver. They act, likewise, most wholesomely on the kidneys, spleen, bowels, circulation, and nerves.

HOLLOWAY'S PILLS.—This medicine has been constantly increasing in public estimation for years, and is now acknowledged to be the most wonderful remedy in the world. It acts directly on the system, removing all obstructions from the stomach, renovating the springs of life, and purifying the blood, eradicating liver complaints—that mainspring of so many diseases—indigestion, loss of appetite, pain in the side, and general debility. It is also a remedy on which the asthmatic may place the greatest dependence, and obtain perfect restoration to health. The hypochondriac and dyspeptic should resort to these invigorating Pills, which are capable of converting the gloomy shadows of their life into beaming sunshine, and bringing back those naturally happy thoughts engendered by a good digestion.

HOLLOWAY'S PILLS.—Let the sick take heed.—The stomach is the commissariat of the physical system. It furnishes the material sustenance of every organ. If it disorders, the whole body languishes; but however severely it may be affected, its tone and vigour may always be restored by a course of these irresistible Pills. Billiousness, indigestion, liver complaints, and other disorders of the stomach, can easily be cured by the use of Holloway's Pills. The thousands attest this assertion, and no sufferer that has ever tried them will deny their supreme efficacy. In every case of stomach disease, from the mildest case of dyspepsia to the disorder of both liver and stomach, from the nausea of the free liver to the vomiting accompanying ulcerated stomach, these Pills immediately relieve, and, by perseverance, effectually cure.

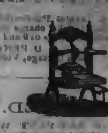

HOLLOWAY'S PILLS.—A certain cure for Headaches, Bile, Loss of Appetite, and Lowness of Spirits.—These Pills can be taken without danger from wet and cold, and require no interruption from business or pleasure. They act mildly on the bowels, strengthen the stomach, and promote healthy action of the liver, whereby they purify the blood, cleanse the skin, brace the nerves, and invigorate the whole system. They effect a truly wonderful change in a debilitated constitution, as they create a healthy appetite, correct indigestion, remove bile, giddiness, headaches, and palpitation of the heart. Plain directions for the use of this medicine, at once so mild and efficacious, are affixed to each box.

HOLLOWAY'S PILLS.—These Pills are most efficacious in strengthening a debilitated constitution than any other medicine in the world. Persons of a nervous habit of body, and all who are suffering from weak digestive organs, or whose health has become deranged by bilious affections, disordered stomach, or liver complaints, should lose no time in giving these admirable Pills a fair trial. Coughs, colds, asthma, or shortness of breath, are also within the range of the curative powers of this very remarkable medicine. The cures effected by these Pills are not superficial or temporary, but complete and permanent. They are as mild as they are effective, and may be given with confidence to delicate females and young children.

NO FALSE CALLS TO THE WATER CLOSET.

BUT A BRISK AND THOROUGH EVACUATION FROM THE BOWELS IS ALWAYS SECURED.

Newly Discovered Principles in Purgatives.

Dr. Radway's Pills are the best Purgative Pills in the world, and the only Vegetable Substitute for Calomel or Mercury ever discovered. They are composed of VEGETABLE EXTRACTS FROM ROOTS, HERBS, PLANTS, GUMS, SEEDS, FLOWERS, BARKS, FRUITS AND WEEDS, PREPARED IN VACUO.

One grain of the extract of the medicinal properties of Radway's Pills, possess a greater curative power over disease than a thousand of the crude and inert materials that enter into all other pills in use. These Pills are compounded of the active medicinal properties of the Roots, Herbs, Plants, Flowers, Gums, &c., of which they are composed. One dose will prove their superiority to all other pills. They

Their Great Combinations.

They are Aperient, Tonic, Laxative, Alterative, Stimulant Counter Irritant, Sudorific.

AS EVACUANTS,

They are more certain and thorough than the Drastic Pills of Aloes, or Croton or Harlem Oil, or Elaterium; and more soothing and healing than Senna, or Rhubarb, or Tamarinds, or Castor Oil.

IN SUDDEN ATTACKS OF

Inflammation of the Bowels or Stomach, Liver, Spleen, Pancreas or Kidneys, Bilious Cholic or Bilious Fever, Erysipelas or Congestive Fever, Small Pox, Measles, or Scarlet Fever,

SIX TO EIGHT OF DR. RADWAY'S REGULATING PILLS WILL PURGE THESE DISEASES FROM THE SYSTEM IN SIX HOURS.

One dose of Dr. Radway's Pills will cleanse the intestinal canal, and purge from the bowels all offending and retained humors, as thoroughly as lobelia or the best approved emetic will cleanse the stomach, without producing inflammation, irritation, weakness,

STRAINING,

or other unpleasant symptoms. There are no other purgative pills in the world that will secure this desideratum.

BETTER THAN CALOMEL OR BLUE PILL.
BETTER THAN CALOMEL OR BLUE PILL.
BETTER THAN CALOMEL OR BLUE PILL.

AS ALTERATIVES,

They exercise a more powerful influence over the liver and its secretions than calomel, mercury, blue pill, hence their importance in cases of Liver Complaints and Spleen Difficulties, Jaundice, Dyspepsia, Bilious attacks, Headache, &c. In the treatment of Fevers, either Bilious, Yellow, Typhoid, and other reducing Fevers, they are superior to quinine. Their influence extends over the entire system, controlling, strengthening, and bracing up the relaxed and wasting energies, and regulating all the secretions to the natural performance of their duties, cleansing and purifying the blood, and purging from the system all diseased deposits and impure humors.

If afflicted with either of the above named diseases, "one to six" boxes of Dr. Radway's Pills will cure you. By taking a few doses of the common Drastic Pills—that gripe and pinch you when they operate—you may obtain temporary relief; but if you stop taking these imperfect pills for a week or a month, your old complaint returns. Now, this is not the method of cure indicated by Dr. Radway's Pills. They make a perfect cure, and the patient will not require any more medicine.

PILES, STRAINING AND TENESMUS,
PILES, STRAINING AND TENESMUS,

Are the results of inflammation or irritation of the mucous membrane of the bowels, induced by drastic pills—these imperfect pills, instead of being dissolved by the chile, are carried to the lower bowels, and induce a peristaltic movement or evacuation by their irritation—hence the straining, cramps, wrenching pains, piles and tenesmus, and the frequent false calls to the water closet, that patients undergo who take these imperfect pills.

If you would avoid these annoyances, whenever a purgative medicine is required, take a dose of

RADWAY'S REGULATING PILLS.

THEY WILL PURGE THOROUGHLY AND LEAVE THE BOWELS REGULAR.

Persons afflicted with Piles, may rely on a positive cure by their use.

STOPS THE MOST EXCRUCIATING PAIN IN A FEW MINUTES,

AND

RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once.

ITS FIRST INDICATION

Is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.

If in the Head, Face, or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side;
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears;

Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.

IF SEIZED WITH PAIN
In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears, or Throat;
In the Brain or Nervous System;

One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort.

If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured, or Disabled;
If Sun Stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts affected. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonful of the Ready Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH

CHOLERA, or Diarrhœa, or Flux;
Dysentery, Cramps, and Spasms;
Bilious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. So swift is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTH ACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS, ENLARGED TENDONS, HEADACHE, (Sick or Nervous,) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty-five years, and for twenty years he had not enjoyed one whole night's quiet rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.

THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF, in water, or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES

first give warning of their presence, and if not promptly before they become securely intrenched within the system, will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, &c., &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel diseased action, and restore the patient to health.

IN THE ARMY.

Dysentery, Bilious Cholic, Flux, Yellow, Typhoid and Malarious Fever, Rheumatism, Small Pox, Diptheria, Letters from Medical Directors, Surgeons, and Military Officers endorse the importance of RADWAY'S READY RELIEF over all other medicinal remedies.

EIGHTH MAINE.

Eighth Maine regiment, Serg't C. P. Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhœa, Dysentery, Rheumatism, was cured by the use of the Ready Relief.
